Is this to try and find money for the rail no one will ride (no really will any of the council members ride it past the initial photo -op?) Or perhaps it's to help pay for a very expensive statue of a king.... because it certainly is not to help the folks that have been railroaded into this rail system... and are the same ones that voted you in office and are now wondering why.... we all agree and it is common knowledge that rail will not help ease traffic problem

I would come but have a dentist appointment at that time..... This bill does not seem fair... why are some sites exempt and yet home owners will see a raise in taxes... this type of bill regarding historic properties seems to come up every couple of years and the amounts raised would be nominal compared to all the waste of taxpayer's money and stopping that waste should be more the focus of the Council... For example potholes that are repaired need to be re-repaired every 2-3 months... because they're not done properly the first time... Tremendous waste and yet it continues year after year. after year....Is the pothole repair company contributing to someone's or everyone's campaign chest?
